SPECIAL ANNOUNCEMENT

As of March 19, 2020, at 11:59 p.m., the Sacramento County Health Officer is directing all individuals living in the county to stay at their place of residence except for essential activities.

All businesses with a facility in the County, except Essential Businesses, are required to cease all activities at facilities located within the County except Minimum Basic Operations. In order to comply with this mandate, the offices at GNB Corporation have closed. Office employees are either on leave or working from home. Because GNB is an Essential Business (we supply devices for medical treatments, medical tests, and items related to national security) a minimal level of manufacturing is continuing.

If anyone needs to reach us, we are monitoring emails and phone messages. We would like to say thank you to all of the county and federal employees that are working to ensure our safety. We also would like to extend our empathy toward all those that are enduring the effects of this illness. We send our thoughts, sympathy and well wishes to you. Please practice good hygiene and take actions to boost your immune system. Stay safe!
